This high first-floor luxury apartment was completed in the heart of the 5th district in Városház street, right next to the Váci street. There are two bedrooms and two bathrooms, Alf Italia furniture, projector, electric screen and besides lots of extras beautiful linden doors were built in. So a unique and high-quality apartment got ready in the center of Budapest. This 120 sqm luxury apartment, facing the square is in the neighborhood of Vörösmarty square and the Váci street. The property was totally reconstructed. There's a 60 sqm living room, there're two bedrooms, a kitchen, and a bar. We tried to create a luxurious and high-quality apartment to fulfill all needs. We combined modern minimal style with Art Deco of the 30s. So the modern solutions with warm and clear-out shapes resulted in a friendly and comfortable flat. Two bathrooms, a Finnish sauna, and a special glass bathtub got built-in. Floor- and wall-heating is designed in the apartment with a mobile thermometer in each room. Ceiling lamps and sculptures were specially designed here so it makes a unique atmosphere. All designs are hand-made that shows professional carrying out. The linden doors are the jewelry of the rooms specially polished to the furniture. The atmosphere is ensured by the quality materials such as the Italian-Spanish covers like Grespana and Gardenia, lavatory equipment by Duravit and Grohe, Alf Italia inlaid furniture and Marburg wallpapers. Comfort is provided by the Italian Samoa sofa and armchairs. Some accessories to mention are by Villeroy & Boch, Alessi, Bo Concept, Kare, etc. Modern apartments...
